

Toll-Free on Sprint Access

Toll-Free on Sprint Access Dialing:

- Call originators dial the in-country Sprint Access number (see the Sprint Access numbers listed below).
- Users will receive a prompt which says, "Welcome to Sprint, a service provider to Global One. Please enter your Foncard number now, or press "05" to make a toll-free call to the USA ". There will be no need for a Foncard number for these toll-free users. Users must either press "05" on their DTMF phone or time-out to an operator (non-DTMF users).
- DTMF dialers will then enter the Sprint 8xx-xxx-xxxx number to be completed. In the case of non-DTMF users, the Sprint operator will complete the call.

Availability:

(per the offshore carrier's availability)

(per the offshore carrier's availability)
